

SIMCA 1200S Coupe parts that I need; Car is an early 1968, CA 174481, D 23111489. All part numbers are from the factory 1200S Parts book.

D2 01 1 X 30150 E Seal between radiator and air duct at bottom.

H1 01 1 X 30092 Z(?) & 30365 H(?) Hub for steering wheel? I found an original steering wheel but am missing the center rubber part with the Simca emblem and the hub that attaches to the steering shaft.

*H1 15 1 X 24591 B seal for steering gear box.

*H1 15 1 X 22984 B seal for steering gear box.

*H1 15 2 X 22962 L Bearing for steering gear box.

K3 70 1 X 30288 D Covered wire for the door light. It has a flexible metal covering over the wire. This is for the driver's door. The right door is fine.

L1 10 4 X 30571 Y Plastic plug in nuts. Mine are missing.

L1 10 1 X 30133 R Bottom of grill trim; Missing on my car.

L1 25 1 X 27189 K Rubber bumper strip under bottom of radiator for spare tire in luggage compartment.

L1 25 1 X 30124 Q Plastic outlet in hood, right side; mine has a busted fin.

L1 25 4 X 24328 S rubber bumper trim on ends of bumpers.

L1 30 1 X 24526 H Clip Front stainless steel trim, right side

L1 30 1 X 24551 J Clip Front stainless steel trim, left side

L1 50 1 X 33701 S Rubber drain tube at the bottom of luggage compartment.

L2 09 8 X 19054 W washer for door trim retainer.

L2 09 8 X 22801 L nut for 23687 J or the metric size of nut.

L3 30 2 X 24532 F Clips for rear body stainless trim, right side.

L3 30 2 X 24557 Q Clips for rear body stainless trim, left side.

L3 43 1 X 24440 X and 1 X 24465 L Rubber seals for flip out rear side windows.

L3 47 2 X Safety belts. Since my car came from Italy it did not have any seat belts or outside rearview mirror nor heated rear window!

*Should the steering gear box items not be available would it be possible to obtain their sizes?
